Price list is for average condition coins, unbenet, without verdigris and with all major lettering readable. Coins before 1936 are good or better and later dates will grade fine or better. A selection of better grade coins is always available at higher prices, and poorer grade coins, particularly pre-1921 silver, are available at cheaper prices.

Australian Pre-decimal Coins

	1/2d.	1d.	3d.	6d.	1/-	2/-
